

Microsoft and Citrix Infographic

Simplify your journey to the cloud with Citrix running on Microsoft Azure

Citrix and Microsoft offer integrated services proven to work together.

With Citrix running on Microsoft Azure, you can securely and safely deliver a range of options for virtual applications and desktops to user's on-premises, in the cloud, or via a hybrid model.

Migrating some or all of your infrastructure to the cloud may seem like a daunting prospect that contains an element of risk. However, are you putting your business in peril by not making the move?
